I-C Care

1100 Main Street, Suite 103

Wheeling, West Virginia 26003

To Whom It May Concern:

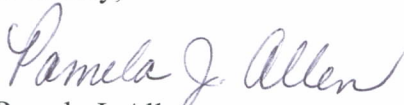

The I-C Care folks provided my mother with two caregivers around the clock when she returned to her home following a four month hospital stay, the result of a fall down a staircase.

My mother's physical and mental condition had deteriorated considerably the last weeks of her life. The caregivers, all, were very kind, professional, diligent individuals. Because of their attention to our mother, my sister and I were confident of their service and felt they were completely trustworthy.

The I-C Care organization had discussed with me prior to their engagement the type of caregiver who would work well with my mother's personality as well as the types of services that would be needed. The individuals selected by the management of I-C Care were wonderful women who exhibited concern and care for my mother, and all of them preformed their duties well. These arrangements were made with relatively short notice.

I would recommend this organization to anyone in the Ohio Valley who needs either part-time or fulltime care or companionship.

Sincerely,
